BRIEF ABSTRACT OF LETTER

Forwards for sanction the above proposals as resolved by the municipal Council in its Resolution dated 24 11 52

NOTES AND ORDERS

The Davangere city municipal Council has proposed the inclusion of certain additional Commodities for the above and for enhancement of the rate of levy in respect of some others This is in one of the additional Sources sought of to enable discharging the heavy loan of Rs 15,4 Lakhs obtained from Govt. for providing 16" Rising mains from the

2) The additional Communications proposed to be brought out for this levy are not specified in the Schedule II of the Act and have to be sanctioned under other articles not specified (Please vide class VIII of the Schedule) by Govt. It may however be mentioned that among these articles matches are also included As matches are subject to Central Excise duty it appears to be considered whether the municipal Council could be in order to levy octroi on them

3) As regards enhancement of the existing rate of octroi on certain Communications, this has to be sanctioned when proposals for the amendment of the octroi bye-laws are received after the municipal Council has followed the procedure prescribed in this behalf

4) Orders in this file are therefore required to levy octroi on Communications not specified in the Schedule as per cl VIII of the Schedule to this Section as given the rule of Octroi & Town duties and send up regular proposals for

Law 16/4/53. 10) The extract now enclosed deals with the mode of adopting the model bye-laws The Law Secretary had observed on a previous occasion that the octroi on goods noted in the Schedule must not exceed the maximum noted in the Schedule As regards other Commodities, not included in the Schedule, the Council is competent to levy octroi with the approval of Govt However Law Secty may kindly be requested to give his opinion on the point whether the levy of octroi on the items noted in the Statement sent by the Corpn may be approved by Govt

12) It is now proposed to levy octroi duty on some additional commodities and also to enhance the octroi already levied in respect of some commodities. So far as the latter categories of cases are concerned, the enhanced rate should not exceed the rates mentioned in Schedule II of M C M Act 1933. The additional commodities on which octroi is sought to be levied are presumably those that are not specifically mentioned in Sch II or those that are not covered by the G O dated 23-5-48 referred to in the letter of the Municipal Commissioner. Schedule II contains class VIII which excludes "Other articles which are not specified above and which may be approved by the Govt by an order in this behalf". So an levy of octroi on additional commodities now proposed must be approved by Govt by an order in this behalf. Then, the Municipal Council has to observe the procedure prescribed in sec 65 and obtain the sanction of Govt under sec 66

Levy of Octroi on certain additional items and enhancement of Octroi on certain items — Proposal of Bangalore Municipality —

(6)

14) Proposed enhancement of Octroi is in respect of certain building materials. Additional items to be brought under Octroi levy include food stuffs and Cloth. How far it is desirable to subject the latter to the levy of Octroi when their prices are already exhorbitant — and when the purchasers is already feeling the pinch of high prices, Especially in view of the financial depression is a point for consideration. These proposals of the Municipality does not appear to be for consideration and orders having been passed by the operation of the Town Improvement Act at para 12

15 From the Report the Comr, it is seen that that the proposals are (1) to levy octroi on additional items and (2) to enhance the existing rates Please note below the names of articles on which Octroi is proposed to be levied afresh and also the names of articles on which the existing rates are proposed to be enhanced along with the rate & the maximum rate provided in the Schedule

Sir,

SUBJECT - Proposal of the City Municipal Council Davanagere for the levy of Octroi duty on certain additional commodities and to enhance the existing rate of Octroi is being levied at present etc

-- o --

I write to state that in connection with the request made by the Davanagere City Municipal Council for sanctioning a loan of Rs 1,550000/ for improvement of the present water supply system and pointing out therein the details of ways and means as to how the Municipal Council are able to repay the loan applied for etc , I write to state that inview of the present straitened financial condition of the Municipality it is found desirable to augment its resources by giving effect to the proposed levy of Octroi duty on certain additional commodities as also to enhance the existing rate of Octroi duty in respect of certain dutiable articles

The enclosed statement furnishes full particulars of items on which Octroi duty is to be imposed afresh by including them in the list of the sanctioned Octroi bye-laws of this City Municipality as sanctioned in Government Order No L 3126-8/ML36 48-24 dated 23rd September 1948, as also information in respect of items on which the existing rate of Octroi duty have to be enhanced

A copy of the resolution of the Municipal Council passed on 24-11-52 which has already been sent - to Government with the comprehensive scheme for sanctioning the loan of 15½ lakhs of Rupees-vide

this office letter No H C 78/52-53 dated 26th November 52 is herein enclosed for favour of kind reference

The formalities required to be observed under the law for giving effect to the proposed levy and enhancement of the exist--ing rate of Octroi duty will be observed duly in the usual course on receipt of permission of Government to give effect to the proposed levy

I request you to kindly obtain orders of Government to per--mit this City Municipal Council for levying Octroi duty in res--pect of certain additional commodities as also for enhancing the existing rate of Octroi duty in respect of certain articles as embodied in the enclosed statement As action has to be taken almost immediately, I solicit Early orders of Govt in the matter

Sir,

SUBJECT Proposal of the Davangere City Municipal Council for sanctioning of loan of Rs. 15,50,000/- from Government for improvement of water Supply

---

With reference to your letter No.L 12390-401/M1 145-52-6 dated 7th November 1952 and the subsequent circular No L 17971-14087/M1 145-52-7 dated 21st November 1952 in the matter of forwarding to Government concrete proposals in regard to the taking of loan from Government for the improvement of water supply in Cities and Towns etc, with regular estimates therefor, pointing out clearly the ways and means of repaying the loan amount etc, I write to state as follows -

Since the question of improving the existing water supply system of this city is engaging the attention of this City Municipal Council from a long time past due to the fact that the present 8" main laid from Harihar to Davangere in about the year 1917 has rusted and has consequently become leaky and thereby has been causing great inconvenience to the public, a scheme for laying 16" C I pipes at an estimated cost of Rs 15,50,000/- has been formulated for the purpose of improving the existing water supply system with a view to have assured and sufficient supply of water

The question of taking up this scheme and to approach Government for sanctioning a liberal loan amount for the purpose was considered by the Municipal Council at its Special General meeting held on 23rd November 1952 and at the adjourned Special

Contd

Special meeting held on 24th November 1952 and it was unanimously resolved thereat, that a loan of Rs 15,50,000/ be obtained from Government for laying 16" raising main from Harihar to Davangere, in the circumstances explained in the body of the resolution and that this loan amount of Rs 15,50,000/- be redeemed in a course of thirty years and that for repaying the loan amount as per the annuity to be fixed up, the Revenue anticipated from several sources as fully described in the body of the resolution, i e, by levying of Octroi duty on certain additional items and by enhancement of Octroi duty on certain existing dutiable articles, and the increased income anticipated to be derived from taxation of properties and from several other sources be earmarked for the purpose.

A copy of the resolution of the Council is herein enclosed for favour of kind reference

It is therefore seen that in all, the Municipal Council anticipated to realise an additional income of about - Rs.1,30,650/- annually and this additional revenue would be earmarked for paying the annuity amount

As regards the estimate connected with the scheme for raising the existing main from 8" to 16" (C I pipes) at an estimated cost of Rs 15,50,000/- I write to state that the comprehensive scheme prepared in this behalf has already been sent to Government along with this office letter No H C. 34/52-53 dated 29th August 1952 and copy of the same was again sent to Government in this office letter No H C 34/52-53 dated 11th October 1952 in pursuance of your marginally noted references*

*1 Your circular No L5335-340C/M1 145-52-1 dated 24th July 1952
2 Your D O letter No L10946 dated 9th October 1952

I am to add that out of the 1,50,500/- major portion of this amount has to be paid to the Bhadravati Iron Works towards supply of pipes A reference has been made in this connection to

(5)

to Government vide this office letter No H C 55/52-53 dated 11th October 1952 with regard to supply of pipes

With regard to the instructions conveyed in your circular No L 13971-14087/M1 145-52-7 dated 21st November 1952, in the matter of obtaining resolution of the Municipal council for levying of Water rate or water cess for purpose of repayment of the loan, I write to state that under the Taxation rules now in force in this City Municipality, General water tax @ 50% of the house and land tax has already been levied as per taxation rules sanctioned by Government in their order No ~~xxxxxxxx~~ L C217-8/M1 86-48-46 dated 8th December 1949 This part of the income is being utilised towards the maintenance of the water supply of Davangere City

I request you, therefore, to kindly obtain sanction of Government to the resolution of the Municipal Council for according administrative sanction of Govern ent to the water supply Scheme for Rs 15,50,000/- already placed before Government and to kindly sanction the loan amount of Rs 15,50,000/- repayable in 30 annual instalments including interest.

Proceedings of the Adjourned Special General Meeting of the Davangere City Municipal Council held on 21th November 1952 at 4 P.M. in the Council Hall of the City Municipal Office

==========

Present. Sri Iyarenal Doddaveerappa PRESIDENT

Subject	Resolution
Consideration of letters No L 12390-401/M1 145-52-6 dated 7th November 1952 and L 14111-12 dated 22nd November 1952 received from the Secretary to Government, Local Self-Government Department Bangalore stating that an additional allotment of Rs 50/- lakhs has been provided under " Loan to Municipalities in the State Budget for 52-53 and that it has been proposed to distribute the amount for the improvement of water supply in the Municipalities in the State and requesting to send up considered and concrete proposals of this City Municipal Council in this behalf together with its views agreeing to repay the loan and interest and to point out the ways and means for repayment of the loan amount and consideration of the question of applying for a loan of Rs 15/- lakhs required to take up the scheme pertaining the laying of 16" C I.Pipes from Harihar to Davangere to improve the present water supply system of this City etc	Resolved unanimously that a loan of Rs 15,50,000/- may be taken from Government for laying 16" raising main from Harihar to Davangere, as the existing 8" main laid in the year 1917 has deteriorated causing great hardship for the assured water supply and has to be immediately replaced It is also resolved that this loan of Rs 15,50,000/- may be redeemed in a course of 30 years for repaying this loan, the revenue anticipated from the following sources be earmarked towards the annuity repayment. Ways and means pointed out for repayment of the loan 1 By levy of octroi duty on certain additional items and by way of enhancing the existing duty in respect of certain dutiable articles as shown below: vide typed copies affixed for details on pages 164 and 165 2 By the anticipated increase of Lohataria revenue due to the formation of Regulated Market, Bamboo Bazar, small Industries area and the Middle Class Colony 3 Increased revenue expected by enhancing the existing water tax from Rs.1-8-0 to Rs. 2-0-0 on the existing house connections The increase in water tax by the increase of one thousand more connections 4 The income expected from the levy of Bus stand Fees and the levy of rent of petrol Bunks 5 By the income proposed to be derived from the introduction of the levy of market fees as sanctioned in Government Order No L13217-8/M1 40-73 dated 12th May 1949. 6 The anticipated revenue to be derived from miscellaneous items such as enhancement of the license fees etc ,

P T.O

It is further resolved that Government be requested to sanction this loan of Rs 15,50,000/- Early and help this Municipality in improving the water supply which is at present very precarious.

18 Matches	0-1-0 per bundle	a) Davanagere Merchant's Association Policy of Government not to levy Octroi on those goods already subject to excise duty and Sales Tax b) Western India Match Co. Already subject to taxation by 50% of its price Further taxation adversely affects trade	The arguments advanced are more on the side of the intermediaries and manufacturers rather than on the side of the consumers This is only an interested - version while they put forth a plea that the existing taxation on matches being heavy will affect their - trade, they do not calculate the benefits that would accrue to all classes of community by an improved - water supply system at a very heavy cost of 15 40 lakhs which if not taken up now would have at any moment upset the water supply system to the City relying on a main pipe line laid 36 years ago which bursts almost every alternate day and made the water supply precarious and impermanent

SUMMARY OF OBJECTIONS PREFERRED -

Sl No	Name of articles	Duty proposed	Objections preferred	Commissioner's note
1	Rubber Tools etc	1-9-0	-Nil -	No objection from any quarter -
2.	Vegetable Oil etc	1-9-0	a)Davanagere Merchants These are already subjected to excise duty and sales tax A further taxation will affect the trade	The objection is untenable since Davanagere City is an exporter of oil and its imports are insignificant Neither the consumer nor the trade be adversely affected at a relatively low rate of levy of 3 pies in the rupee - when compared with the benefits that would accrue from a better and improved water supply
3	Tea,Dust,Powder etc	Rs 1-9-0	a)Desai metal Industries Poor man's food,additional tax will burden the poor man	The clamour for civic amenities by the rich and the poor are alike and at a maximum degree Since the imposition of octroi is a betterment levy, it is very necessary - that all those that are benefitted should contribute - towards the cost of improvement
4	Sanitary Fittings	Rs 1-9-0%	a) Davanagere Cotton Mills b) Ganesar Textile Mills Levy of Octroi goods imported by industrial concerns for - erection purposes is not correct	Sanitary fittings are luxury articles The objection is untenable since they are not used for erection of industrial plants Moreover the rate of levy is rela-tively low and industrial concerns should also contri-bute towards civic amenities such as improvement of water supply
5	Flour of all kinds	0-1-0 per bag of 196 Lbs	a)Desai Metal Industries Extremely disproportionate b)Makapur Mallesappa These are exempt from Sales Tax Hence entitled from exemption from Octroi	The rate is the lowest This levy does not affect the poor man since food imports are mostly in the shape of grains which are not subjected to this levy As this levy is bound to be passed on to the buyer it will never be an undue burden either on the consumer or on the dealer in view of its relatively low rate
6	Electric goods	1-9-0	a)National Electric Stores Additional burden,affects the trade b)Davanagere Cotton Mills c)Ganesar Textile Mills Required by industrial concerns for erection purposes	This objection is untenable as these articles do not comprise of raw materials used for industires This is more in the nature of levy on the capital cost involved All those that consume these goods either for industrial or domestic purposes should bear this levy which is levied at a relatively low rate Viz 0-0-3 in the rupee which is never an undue burden on the consumer as the proceeds thereof will be utilized for - bettering the water supply of the City

		0-1-0 per bag of 100 srs	a)Desai Metal Industries Tax extremely disproportionate b)~~Xxxxxxxx~~ Sekapur Mallesappa These are exempt from Sales Tax Hence entitled for exemption from Octroi	betterment the water supply of the City As the rich and the poor alike are asking for more and more amenities and as the city is growing in population and as water supply is a vital need of life,it is but natural that all those that share in the benefits should contribute towards the cost of the project
8	Foreign Raw Silk	P 1-9-0%	-Nil-	Not objected to by neither the dealer nor the consumer
9	" Art Silk	P 1-9-0%	-Nil-	
10	Aluminium etc	P 1-9-0%	-Nil-	
11	Kadapa & other slabs	P 1-9-0%	-Nil-	
12	Soaps and their products	P 1-9-0%	a)Desai Metal Industries Retards improvement of local varieties,and prevents free competition b)Davanagere Merchant's Association Already subject to excise and slaes tax and this will be additional burden	This objection is farfetched and does not constitute legitimate grievance The argument that there are subjected to excise and sales tax and hence Octroi should not be levied does not stand to reason This is now subjected to octroi to provide an improved water supply system Moreover the rate is relatively low Viz 0-0-3 in the rupee which when passed on to the buyer will never constitute an undue burden
13	Asbestoes etc	P 1-9-0 %	A)Davanagere Cotton Mills b)[illegible]	The objections of these industrial concerns are untenable since the levy of octroi on these materials is a betterment levy and it is also necessary for industrial concerns ~~xxx~~ to contribute from their earnings towards the cost of benefits that would accrue from an improved water supply system to the City
14	Cement Bags	0-1-0 enhancing to 0-2-0 per bag	Articles imported for erection purposes by industrial concerns	
15	Teak wood	Enhancing from 0-1-0 to 0-2-0 per C ft	-Nil-	No objection for the levy from any quarters - Hence no remarks
16	Iron	enhanced from 0-0-3 to 0-0-6	Objections vide Sl Nos 13 & 14	It is but equitable that Industrial concerns and consumers of these materials should also contribute their mite towards the cost of increased benefits nor does it levy weigh particularly on any individual industry or trade so as to set the law of diminishing returns into motion

-- 0 --

In inviting kind reference to this office letter No H C 124/52-53 dated 21-6-53 on the above subject, I write to state that since the bond for the loan loan/kindly sanctioned by Government in G O No L 21315-18/C M 11-52-21 dated 11-3-53 in connection with laying 16" C I main pipes from Harihar to Davanagere has been executed by the Municipal Council, the annuity payable by the Municipality in this behalf will thus begin to accrue immediately and it is very necessary to augment the resources of the Municipality well in time to enable this office to pay the annuity regularly I therefore request you kindly to let me know whether the Government have approved the list of articles sent with this office letter No H C 124/52-53 dated 5-3-53 so that objections may be called for against the imposition of such Octroi in accordance with the City Municipalities Act If there is no objection I will proceed to call for objections duly publishing a notification in the Official Gazette as prescribed in the Act

I request the favour of a very early reply in the matter

Sir,

Sub - Proposal of the City Municipal Council, Davanagere, for the levy of Octroi duty on certain additional commodities and to enhance the existing rates of Octroi on certain other items

---

In continuation of this office letter No H C 124/53-54 dated 2-9-53 on the above subject and intimating Government of the fact of issue of a notification calling for objections to the proposed levy, I write to state, that the notification was duly published in Mysore Gazette dated 10-9-53

Objections from several merchants and firms received in the matter were duly considered at the meeting of the byelaws committee held on 5-10-1953 and this committee resolved that since the objections preferred are not tenable, the levy proposed may be approved The ~~several~~ objections preferred on the several items of levy with the note put up by the Commissioner on each of the objections are enclosed herewith together with a tabulated list of objections, the nature of objection and commissioner's note thereon for the information of Government The Objections received are also Enclosed in original, together with a copy of the Notice published in the Gazette

The Municipality is already finding itself unable to repay the previous loan of seven lakhs taken from Government owing to its extreme slender resources and if repayment of this huge loan of 15 40 lakhs is tagged on its existing ordinary normal revenues, which are at present hardly adequate to meet normal expenditure, it is earnestly submitted that it will never be possible to redeem any loan to Government in the present critical state of the Municipal finances If these additional items are not included in the Octroi-ble items it will be highly doubtful if the Municipality will

ever repay
~~even repair~~ the 15.40 lakhs Government loan Moreover the proposed levy is a commonplace levy in other Municipalities and never foreign to them

The recommendations of the Bye-laws Committee were duly approved by the Municipal Council on 29-11-53 as per extract of resolution No 30 enclosed herewith

I therefore request for kind orders of Government approving the levy of Octroi on the 18 additional items of goods as per list appended herewith

MUNICIPAL COMMISSIONER'S NOTE (25)

Subject No 1 of the Agenda for the Meeting of the Municipal Council
Byelaw Committee held on 5-10-1953

The Government in their Order No L 21215-18/C.M.11-52-31 dated 10/11-3-1953 sanctioned a loan of 15 40 lakhs to the Davanagere City Municipality for laying a 16" C I main line from Davanagere Water Works in Parishar to Davanagere R C C Tanks to improve the Water supply system of the City A sum of Rs 1,47,000/- has to be paid annually towards the loan and interest With a view to repay the loan, the Municipal Council in their resolution No I dated 24-11-52 resolved to levy Octroi on certain additional goods and to increase the existing rate in respect of Octroi on other articles.

The realizations from this levy will be ear-marked for repaying the loan This has been sanctioned by Government in the above mentioned order in order to finance the project for improving the present water supply system which was laid out about 26 years ago and is leaking all over the place **There is thus a direct correlation between theindividual citizen's burden and his own particular benefit arising out of improved Water supply** and provide The objections received are mostly from one sect of the citizens viz, the merchant community of the place Their objections are tabulated and enclosed with my remarks against each item of their objection It is common place every where that every imposition of a new levy is beset with opposition however reasonable and necessary it may be The objections have failed to take into consideration the incidence of the levy which is significantly important in respect of a) consumer b) the dealer, c) Industry, trade etc and d) Government and the rate of levy The duty when levied is fairly distributed among various classes of people. The benefits accruing from the public expenditure has an important bearing on the burden of this levy Nor does this levy weigh particularly on any individual industry or occupation Some of the objections stress on the fact that if this is levied attempts will be made by dealers to evade the tax by opening small agencies outside the Municipal limits The expenses for establishment of such agencies will be more than the savings effected by evasion of such a levy Moreover the existing bye-laws make provision for exports free of duty Some complain of higher rates of existing taxes but under

- estimate the benefits that would accrue if the water supply is impr by laying in 16" main pipe line The levy of Octroi on rubber goods, electric goods, sanitar fittings, products of aluminium, stainless steel German Silver, teak woods ets is mostly a tax on capital which will tend to achieve a greater measure of equality of income. This levy should construed as a betterment levy In reply to the opposition launched to the levy by Industrial, commercial and other similar enterprises of the city, it may be stated that these enterprises should understand that it is also necessary for them to contribute from their earnings by way of Octroi duty considering the benefits that would accrue to them by improve and continuous water supply

Another plea put forth by the objectors for the non-levy of Octroi is the increase in scope for smuggling Such a scope is always fraught with grave danger and penalty This plea is untenable and cannot be advanced as an argument Nor is there any justification for the argument that the yield on the commodity has reached the point of diminishing returns The octroiable goods in question do not pertain to raw material used for essential industries, nor are they used for scientific researc or for agricultural development Moreover the duty proposed to be levi does not exceed in most of the cases 3 pies in the rupee a relatively l rate of levy and hence when passed on to the buyer would never become undue burden neither on the concern nor on the consumer The impositio of the Octroi does not lead to any noticeable change in the organisation of the trade in the country, especially in regard to the size of the business number of intermediaries, ~~variety of the goods dealt with~~ variety of the goods dealt with etc nor does it afford considerable scop for evasion of tax From a perusal of the list of additional goods on which octroi is proposed to be levied, there has been a relatively low rate of levy which is almost uniform and except for matches none of the goods absolutely essential for the life of the community is subjected Octroi Even in the case of matches, as almost every citizen clamour improved water supply system he will have to contribute his mite for i -creased happiness, welfare and prosperity The present Octroi levy is at a relatively low level does not lead to a greater burden on th consumer Except Tur dal and matches, the other goods are luxary ar

MUNICIPAL COMMISSIONER'S NOTE (27)

Subject No of the Agenda for the Meeting of the Municipal Council held on

Even in their cases, such a burden on the common man is far less and insignificant comparing the greater and longstanding benefits that would accrue to all classes of people whether a dealer, consumer, industrialist or intermediary, from an improved and permanent water supply system in place of the present unreliable and inadequate water supply

Hence the benefits far out-weigh the objections and the Municipality has committed itself by securing a loan of 15 40 lakhs resolving to repay the same by the proceeds of Octroi duty levied on the articles dealt with above Hence it is requested that Government will very kindly approve of the imposition of the Octroi levy as already sanctioned in Government Order No L.21315-18/C.M. 11-52-21 dated 10/11-3-53, while sanctioning the loan to this Municipality This levy is just in incidence, light in pressure and convenient in assessment and collection and is a means for benefitting all classes of people of Davanagere City directly, immediately and unquestionably since the purpose of its levy is so laudable as to secure improved water supply which the City is lacking at present Any step to secure stoppage of such a levy which the Municipal Council has already approved and communicated to Government in their resolution dated 24-11-52 will only render the Municipality absolutely unable to keep up to its undertaking to discharge the loan of 15 40 lakhs to Government in 15 annual instalments at the rate of - Rs 1,47,000/- per year which the Municipality is going to utilize for laying the 16" C I Main pipe line from Harihar to Davanagere in place of the old, wornout and leaky pipe line laid 36 years ago which is most unreliable and liable to give way without notice at any momemt

Draft

To

The Municipal Commissioner,
Davangere City Municipality,
(through the President)

Sir,

Subject - Proposals for levy of Octroi on certain additional items and enhancement of octroi on certain items

---

With reference to the correspondence resting with your letter No H C 124/53-54 dated the 27th July 1953 on the subject mentioned above, I am directed to observe as hereunder in respect of items on which octroi is proposed to be levied afresh -

Item 2 - Oils There is no need to treat these as additional items under class VIII as this item is covered by the existing item 'other oils' under class III of II Schedule to the Act Further, the unit of levy must also be per maund of 960 tolas as laid down in the Schedule and cannot be on per cent advalorem basis as proposed

Item 4 - Sanitary Fittings What articles are covered by the term "Sanitary Fittings" should be specified so that it may not be found difficult to decide whether a particular article is or is not a "Sanitary Fitting "

Item 5 - Electric Goods As in the case of "Sanitary Fittings" goods following under this category should be specified

Item 10 - Aluminium, Stainless Steel etc

These are covered by class VII - Metals in the Schedule Therefore there is no need to treat them as falling under Class VIII But the "other products" made out of these metals proposed to be brought under levy of Octroi should be specified

Item 13 - Asbestos etc , and other allied products

Asbestos sheets are already charged vide item 13 of the existing bye-law Hence it may be excluded ~~under~~ What products are included under "other allied products" should be specified

Matches Octroi levy should be on percent advalorem basis and not on the unit proposed ~~If it is desirable to levy octroi on this item as they are already subject to levy of Central Excise may be considered by the Municipal Council~~

I am to add that it would be better to specify the items in each class instead of leaving it vague and to request that the various proposals of this nature may be sent by

~~I am to request, in the circumstances stated above, that the proposals may be suitably modified and revised proposals sent up very early~~

Yours faithfully,

L RS

O With reference to your letter No L 14003, dated, 12th February, 1954 on the subject mentioned above, I write to state as follows

The matter was placed before the Council meeting held on 11-3-1954 and the Council referred the subject for being examined in detail to a sub-committee appointed by the Council in Resolution No 1 dated 11-3-1954 (relating to the levy of octroi on 63 additional items) consisting 8 members including the President as the Chairman of the Committee

The Sub-Committee met on 12-3-1954, gone into the question in detail and have recommended to the council as follows -

"Item No 2 Oils

As observed by Government the item "Vegetable Oils, oils of all kinds, fish oil and all fats" is covered by "other oils' under clause III of II schedule in the City Municipalities Act 1933 The suggestion of Government may be accepted by substituting the term "Other oils including vegetable ghee at 0-2-0 per maund of 960 tolas weight" for "vegetable oils, oils of all kinds, fish oils and all fats"

all fats"

Item 4. Sanitary Fittings -

As suggested by Government the enclosed list of articles covered by the term "Sanitary fittings" may be embodied under the term "Sanitary Fittings"

Item No.5 Electric Goods -

As in the case of Sanitary fittings, goods following under this category may be specified as in the list enclosed

Item No 10 -

Government have-observed that alluminium, Stainless steel, German silver and products of these metals are covered by Class VIII metals in the Schedule II of the Act - The term "Products of these metals" may be deleted, and the words "including all materials made out of these metals including spare parts" may be substituted as it will be cumbrous to specify all the products made out of these metals

Item No.13

It is proposed to include under the category "asbestos," asbestos ridges, pipes and all goods made out of asbestos Hence the words other allied products may now be omitted

Item No.19. Matches -

The Government observe that octroi levy on matches should be on percent advalorem basis and not on the unit proposed Accordingly the octroi levy on matches shall be one pie per Rupee advalorem

A reply may now be sent to Government with a request that sanction of Government may kindly be expedited accordingly",

The above recommendations of the Sub-Committee were placed before the council at their meeting held on 12-1-1954, and the Council have approved the recommendation of the Special Committee

in

(34)

in total and have resolved that Government may be requested to accord sanction to the levy of octroi on these additional items and enhancement of octroi on certain items

A revised list of additional articles of goods on which octroi is proposed to be levied and goods on which the rates of octroi levy is proposed to be enhanced as resolved by the Council after taking into consideration the observations of Government and also specifying the items in each class as observed in the last para of your letter, is enclosed herewith for kind perusal

I request that orders of Government may kindly be obtained to the levy of octroi on these 18 additional items, in the circumstances already explained by me in this office letter of even No dated 7/8th December, 1953

An extract of the recommendation of the Special Committee dated 12-2-1954 and copies of Municipal Council Resolutions dated 11-2-1954 and 12-2-1954 referred to above are enclosed herewith for kind perusal

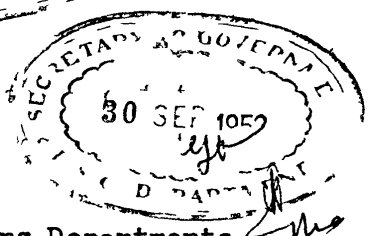
THE MUNICIPAL COMMISSIONER
City Municipality,
DAVANGERE



To

The Secretary to the Government of Mysore,
Local Self Government and Planning Departments,
BANGALORE

Sir

CM 39-54-39

Subject - Levy of Octroi on certain additional items and enhancement of octroi on certain items

With reference to your letter No L 3206/CM 39-54-21, dated 24th June 1954 on the subject mentioned above, I write to state as follows -

The above letter was placed before the Municipal Council held on 7-7-1954 wherein they have resolved that fresh objections may be called for from the public as per rules for levying the octroi on the 18 articles with the following modifications

" Class IV(2) Teak Wood The Government may be requested to fix the rate

Class VII(b) Iron Existing rate may continue Fence this item may be deleted

(18) Matches 0-0-3 per rupee advalorem The Government may be requested to fix this rate "

Accordingly a Notification No HC 124/52-53 dated 28th July 1954 was issued calling for objections from the public The Notification was published in the Mysore Gazette dated 5-8-1954 Wide publication of the same has also been made in the City by obtaining signatures on the notification for having done so Thus action was duly taken to publish adequately the notification as required by section 65(c) of the Mysore City Municipalities Act 1933

In response to the above notification, no objections have been received within the stipulated period of one month from the date

By Municipal Commissioner,
Davangere City Municipality

date of publication of the notification

When the subject was brought before the Municipal Council at their meeting held on 11-9-1954 they have unanimously resolved that since no objections have been received sanction of Government may be obtained to levy octroi on 14 additional items and to enhance the levy in respect of Cement and teak wood imported into Davangere City

In persuance of your instructions contained in your letter under advertance the rates of levy are fixed with reference to maximum prescribed in the schedule II of the City Municipalities Act 1933 Since the maximum levy of Iron is 1-9-0 per cent advalorem and since the existing rate is the maximum allowed under the Act the proposal to enhance the levy from 0-0-3 to 0-0-6 per rupee is deleted The rate of levy on Teak wood proposed to be enhanced from 0-0-3 to 0-0-6 (under Class IV in Schedule II to the Act) and the levy at 0-0-3 per Rupee advalerem on Matches (Under Class VIII in Schedule II to the Act) may kindly be fixed by Government as resolved by the Municipal Council at their meeting dated 7-7-1954

I therefore request that sanction of Government may kindly be obtained for the levy of octroi on 14 items and enhancement of duty on cement and teak wood as per the enclosed notification dated 28th July 1954 and Communicate the same at a very early date as the income derived from the levy of octroi on these new items will be set apart solely for the purpose of repayment of Government loans

Copies of resolutions of the Municipal Council dated 7-7-1954 and 11-9-1954 together with copies of Gazette Notification and copies of Notifications duly published in the City are enclosed herewith for your kind perusal

Forwarded,
K. Veerabhadrappa
